Date: April 20, 2017
To: Wallace D. Loh, President of the University of Maryland
From: Jordan Goodman, Chair of the University Senate 
Subject: Resolution Passed at the April 19, 2017 Senate Meeting

We would like to advise you that the Senate passed the following resolution at its meeting on April 19, 2017.

Resolution In Support of the March of Science

Whereas the University conducts groundbreaking scientific research on some of the biggest challenges facing our global community,

Whereas the University strives to create and disseminate knowledge, and

Whereas the University embraces the positive impact of scientific progress on our state, the nation, and the world,

Be it resolved that the University of Maryland's University Senate, as the representative and elected body of the faculty, staff, and students, endorses the mission of the March for Science as follows:

The March for Science champions robustly funded and publicly communicated science as a pillar of human freedom and prosperity. We unite as a diverse, nonpartisan group to call for science that upholds the common good and for political leaders and policy makers to enact evidence based policies in the public interest.
